Ryan,

In its comments on the Draft EIR, Southern California Edison identified a couple of references relating to the Alessandro Substation that it appears you may have intended to provide as attachments. However, we did not receive them. Please provide copies of the following:

- 1) Haz mat assessment by AECOM (2012)
- 2) SWRCB GeoTracker and DTSC EnviroStor database records (2012)

Thanks much,
Janna
